

The Process is Simple - follow these easy steps:

- The customer fills out the “customer information section”
- The contractor fills out the rest of the application – “tune-up check list, equipment information, and contractor information”
- The application must be signed by both the customer and the contractor – can not process without both signatures.
- Send the application to your electric utility provider
- Your utility will either provide you a billing credit or a check
- Please allow several weeks for processing

Use less. Spend less. Do more.

Cooling System Tune-Up - \$30

When was the last time you had your home's cooling system tuned up? If it has been of few years, now is the time to have your heating and cooling contractor - inspect, service, and clean it. Typically tune-ups on cooling systems that have been neglected for a few years can provide 5-15% energy savings, or more. Not to mention the unit can better perform from a comfort and equipment longevity stand point.

Fortunately there is a \$30 EnergyWise incentive available to homeowners that have their cooling system tuned-up, regardless of what type or age of cooling system it is (air conditioner, air or water source heat pump). Annual maintenance of your system is a good idea, however, customers are only eligible for the \$30 EnergyWise incentive a minimum of every three years.

The application includes a checklist of key components your contractor should inspect as well as items for discussion, such as; filter replacement schedule, proper temperature set-back practices and an understanding of the general condition of the system.

Cooling System Tune-up Incentive - APPLICATION FORM

Incentives Qualifications

\$30 Incentives are available to customers who have their cooling system inspected and tuned-up by an HVAC contractor. Qualifying systems include residential central - air conditioners, air source and water source heat pumps. Even though the cooling system may be serviced or tuned-up frequently, the customer is only eligible for the EnergyWise \$30 incentive a minimum of every three years.

Customer Information

Name on Account: _____ Do You Own _____ or Rent _____

(If Rent - Name and Phone Number of Landlord) _____

Electric Utility Provider: _____ Account # _____

Address Where Tune-Up Was Conducted: _____

City: _____ State: _____ Zip: _____

I certify the tune-up, for which I am claiming an incentive for was performed within the guidelines of the program. The utility reserves the right to inspect the work performed to ensure compliance.

Customer's Signature: _____ Date: _____
